

Power-tilt

HITCH

A rugged hitch design

- **Easy truck engine access**
The entire hitch can be tilted forward with the front wing post using the plow lift cylinder.

MODELS

L1825

Hitch for front plow only

L1826

Hitch for front plow and wing plow (includes horizontal front wing post supports)

The hitch L1825 and L1826 are mounted on heavy duty 5/8" thick push plates

OPTION

Nitrogen suspension system model LSS-100 designed to absorb the shock loads occurring when the front plow is in the carry position
