Underbody

SCRAPER/GRADER

THE ULTIMATE IN TRUCK MOUNTED SCRAPER/GRADER TECHNOLOGY

- The Larochelle underbody scraper/grader transforms your plow truck into a multi-purpose truck.
- Scrape and plow to the bare road surface to help reduce salting and sanding to a minimum.
- Recondition your gravel road surface all year long.

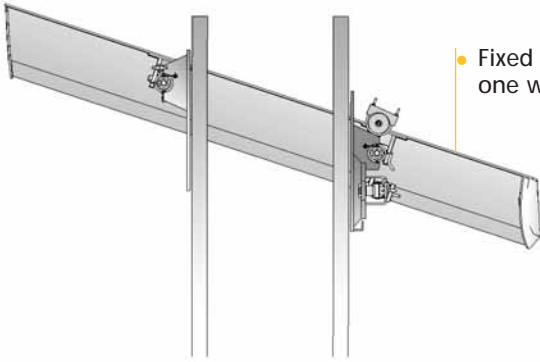

EXCLUSIVE FEATURES

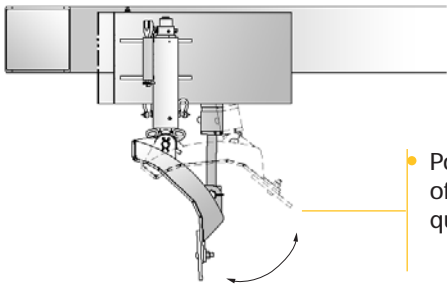

- Quick mounting and removal in less than 20 minutes
- Framerrail flange mount design for either stationary or power angling units
 - Eliminates the need for a heavy underslung semi-circular pivot table
 - Substantially reduce maintenance and corrosion
 - Allows easy access to truck underchassis drive components
- Can be installed even with a L.H. side spinner
- Boxed type moldboard construction, high strength steel
- Cutting edge wear compensators screw jacks
- All hydraulic operation for all functions
- Adjustable scraping pressure over road surface by a specially designed hydraulic system
 - No use of air bags that cannot perform in hard packed and deep snow conditions
 - The nitrogen accumulator responds to road sudden obstacles such as man hole cover hits

Model " LSF "

Select model that best suit your application

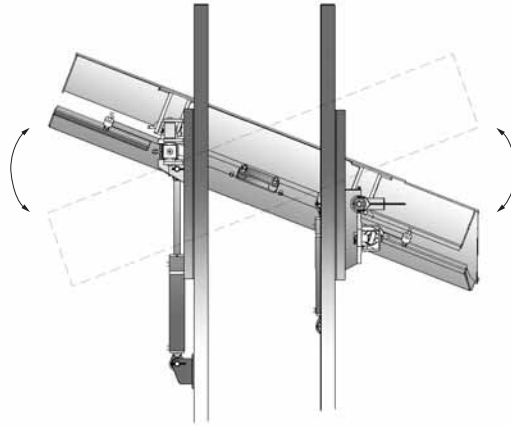

• Fixed angle one way

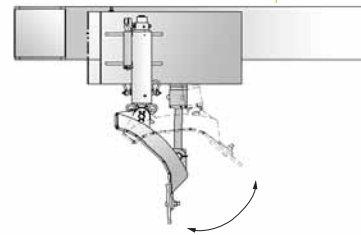

• Power up and down of moldboard through a quick detachable cylinder

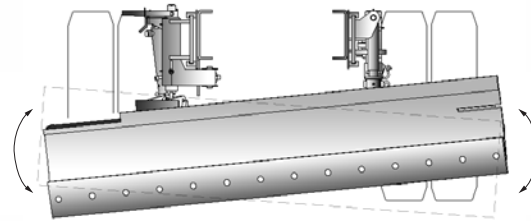

Model " LGS "

• Adjustable pivoting angle moldboard up to 45°

• Power up and down of moldboard through a quick detachable cylinder

• Hydraulic tilt of moldboard

options

- Hydraulic moldboard extensions (model LGS only)
- Curved type cutting edge
- Serrated type cutting edge
